After reviewing both the declination letter and source information, I would recommend opening the case as a RICO since it is obvious the union and UNITED MAINTENANCE COMPANY (UMC) are in bed together. There should be violations that are applicable to the union, but not to UMC, such as the pension funds payments, etc. More important the better violations, extortion, bribery ITAR will concern UMC. By opening the RICO you could get them all but still stay within the labor target area.

It is just my opinion, but I think [REDACTED] is more reckless than some of the others. He is bound to stumble in all these deals and negotiations. Simply following him and getting pen registers should produce numerous leads as to what ^{COMPANIES} ~~compromise~~ he is shaking down, political deals, narcotics deals, close friends in the union. You should be able to develop sources that could possibly put him in a bind.

Dear Sir;

Please pardon my intrusion into your valuable time but a matter of grave proportions has come to my attention and I believe that you should be made aware. It is a matter that deals with graft, corruption, and bribery. I have uncovered a scheme which involves the abuse of Social Security numbers by Polish citizens who are in America on a "visit." The real purpose of these visits is to make as much money as possible to take home.

These Poles pay a series of bribes for which they are given a valid Social Security number and a job when they get to the United States. The things that make this scam so despicable are as follows; first these Poles are paid Union scale, i.e. between 7.50 and 9.00 an hour; second they take jobs away from American citizens; and thirdly, eventually someone will benefit from the Social Security system at a time when there are worries that the system can't even keep up with its valid recipients! (The bribes usually entail a sum of 1000.00 or 2000.00 dollars up-front to gain the card and job.) The illegal Social Security card holder usually (then pays his/her supervisor a part of his/her weekly check.) (This money is then passed along the chain of important people in S.E.I.U. Local 25 and the assorted contractors, most notably Mallard Inc.) Two of these important people who should most assuredly be looked into are [redacted]

[redacted] of the
Local. [redacted] knows all about this but, refuses to do
anything, eventhough fellow AMERICAN members of the local
are being laid off after fifteen or sixteen years of
service. The Social Security cards come from people who
gained them by hook or crook and then decided to go back to
their homelands, they leave their cards for the new
"workers" to buy. I know of cards going through three or
four different people.

I am informing you of this because I can no longer
watch an institution of these United States be swindled and
cheated by people who don't give a damn about this country.
Especially so when so many of my fellow citizens are out of
work and desperate for jobs. I beseech you, LOOK INTO
THIS! I have done my part in alerting you to the fact, be
it anonymously or not, IT IS NOW YOUR RESPONSIBILITY TO
FURTHER PURSUE THIS MATTER!

I THANK YOU FOR YOUR TIME AND I WISH YOU THE
BEST OF LUCK IN THE PURSUIT OF THE TRUTH!

JUSTIFICATION FOR LEASING:

Squad 6A's surveillance module has been attempting to conduct discrete fisurs of captioned subjects meeting with union officials and known Chicago mobsters. The surveillance team currently does not have available an adequate vehicle from which to conduct a photo fisur. Traditional Bureau vehicles make long-term close in photographic surveillance difficult to achieve without detection. It is therefore requested that Squad 6A be granted authority to lease a vehicle for 30 days [REDACTED] A late model compact van would fill the need for a base for photographic surveillance.

Besides captioned case, photographic surveillances are being conducted on other MIDRAC priority cases which include the HOTEL EMPLOYEES AND RESTAURANT EMPLOYEES (HERE) UNION, LABORERS LOCAL 2 and LCN Influence in the Chicago Mercantile Exchange.
